A secure bicycle parking pen like this one in New York City's Subway System could become a reality at the Baltimore Street Garage.

The Parking Authority of Baltimore City wants you to get out of your car and onto a bike! To help make this a reality, PABC is considering converting 2-3 spaces of the Baltimore Street Garage into secure bicycle parking like that pictured above for 20-30 monthly contract holders. For \$5 a month, you could have covered, secure bicycle parking in a manned parking garage that opens early and stays open late.
